HOME PAGE

Home page displays the total count of employees and jobs.

EMPLOYEE PAGE

Employee page displays all the employees and allows to add, edit and delete the Employee's data (Back-end hasn't been done).

ADD EMPLOYEE

It allows adding new Employee's data.

The screenshot shows a web application with a sidebar containing 'Employee Data', 'Add Employee', and 'View All Employees'. A modal titled 'Add Employee Details' is open, featuring input fields for 'Employee Name', 'Employee Email ID', and 'Employee Phone Number'. There is a dropdown menu for 'Job' with 'Graphic Designer' selected, and a date input field with the placeholder 'dd-mm-yyyy'. A green 'Enter' button is at the bottom of the modal.

Employee INFO

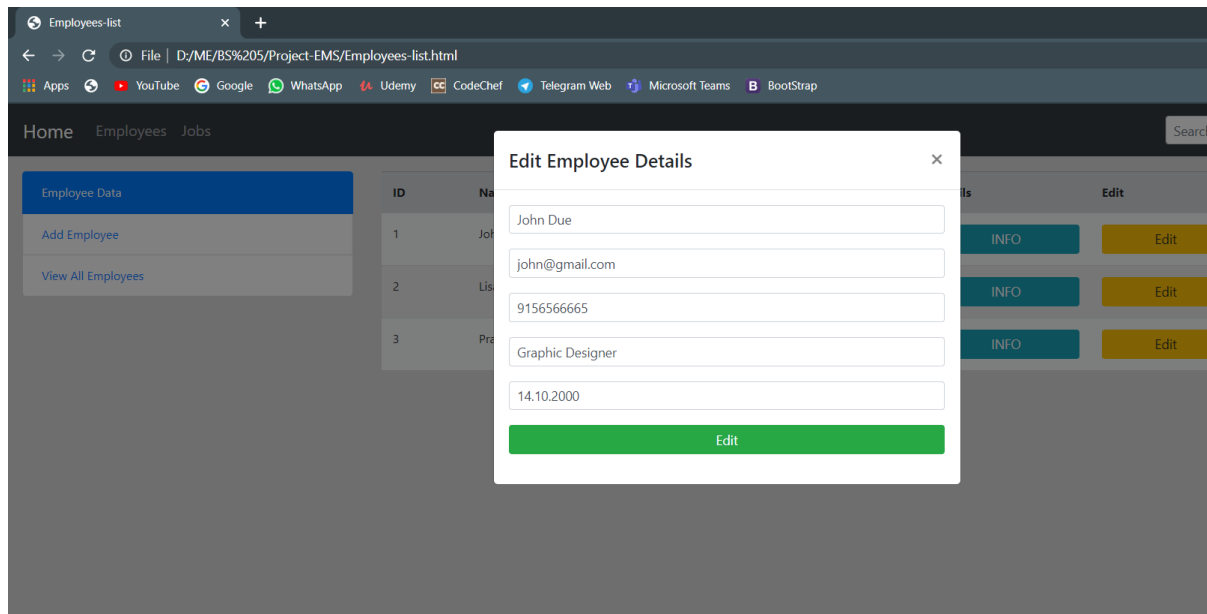

INFO will show the details of the Employee.

The screenshot shows the same web application with the 'Employee Details' modal open. The modal displays the following information:

ID	1
Name	John Due
Email	john@gmail.com
Phone Number	+91556445
Job	Graphic Designer
Joining Date	14.10.2000

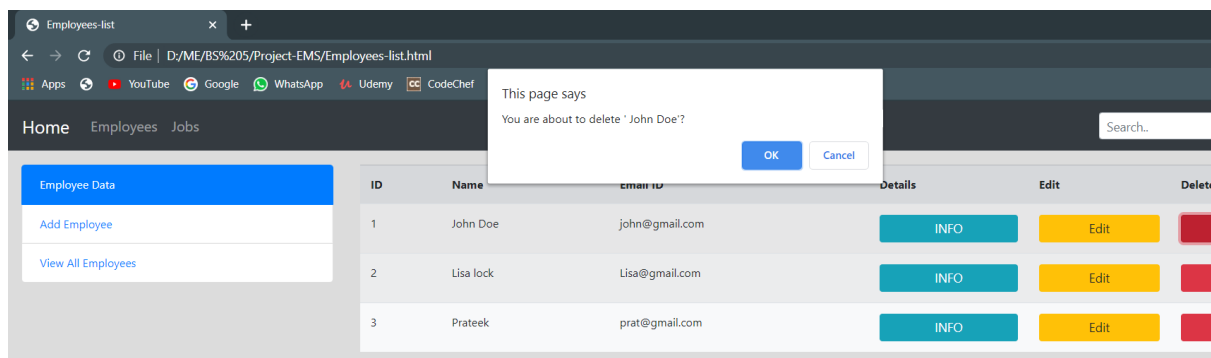

Editing the Employee INFO

It allows editing the Employee details.

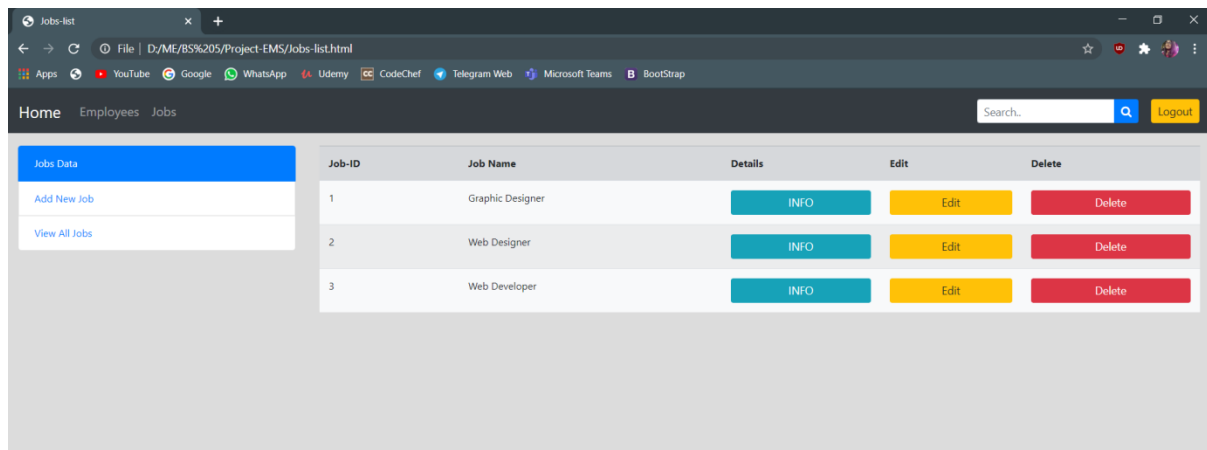

Deleting the Employee INFO

It confirms before deleting the records.

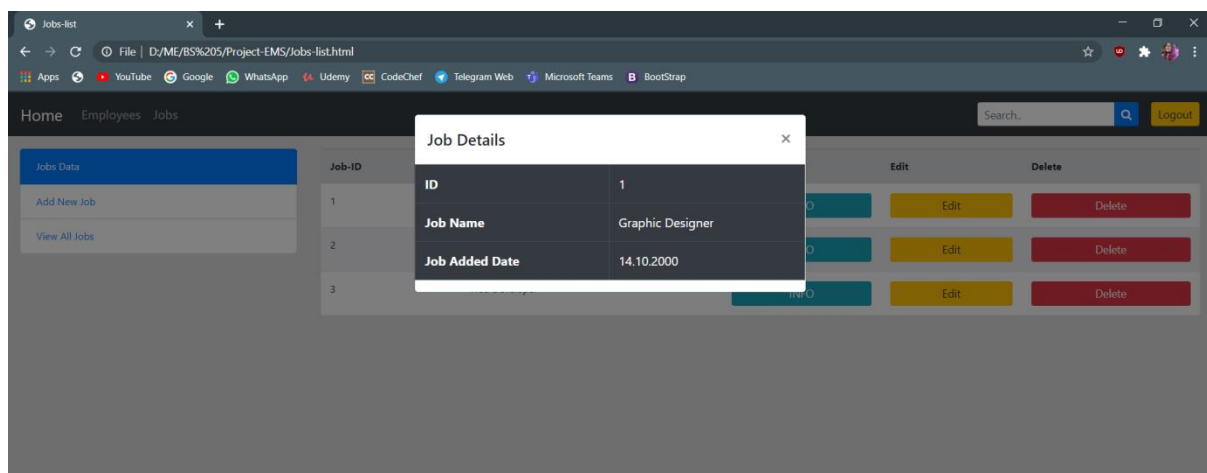

JOBS PAGE

Employee page displays all the jobs and allows to add, edit and delete the job's data (Back-end hasn't been done).

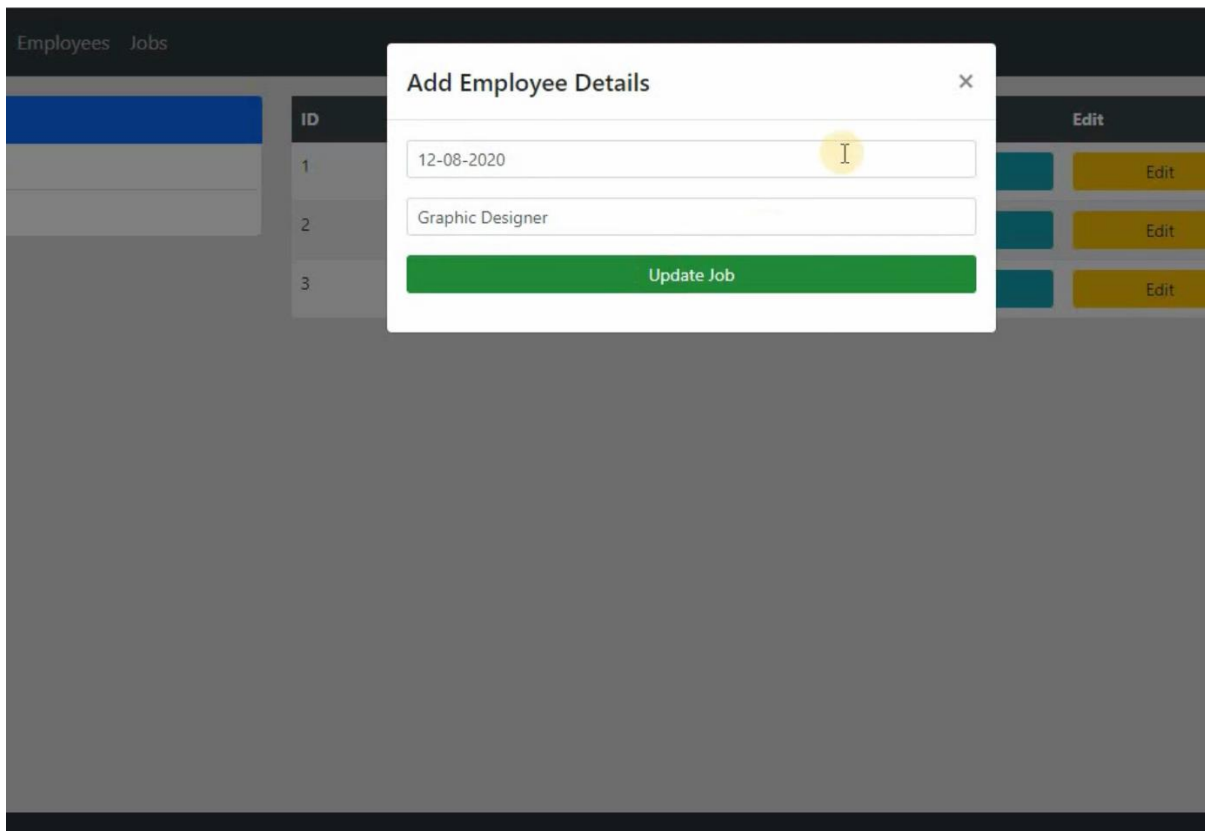

JOBS INFO

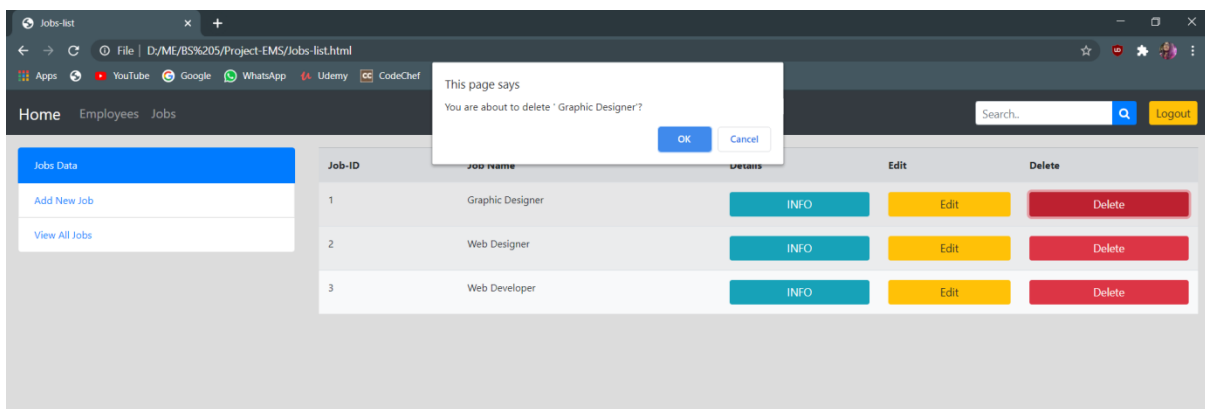

Editing JOB INFO

It allows editing the Job details.

Deleting JOB INFO

It confirms before deleting the records.

AFTER LOG OUT

It returns to the dashboard after clicking log out.
